Message from the Board Chair

The Annual Education Results Report for Yellowhead Koinonia Christian School for the 2012/13 school year was prepared under the direction of the Y.K.C.S School Board in accordance with the responsibilities under the *Private Schools Regulation* and the *Education Grants Regulation*. The Y.K.C.S School Board is committed to using the results in this report, to the best of our abilities, to improve the outcomes for our students. Together with the school staff we have used the results to develop strategies for the Three-Year Education Plan to ensure that all our students can acquire the knowledge, skills and attitudes they need to be self-reliant, responsible, caring and contributing members of society.

The Board of Directors is committed to using this three year plan to scaffold our day to day operation. We are thankful for the level of accountability dictated by the *Private Schools Regulation* and the *Education Grants Regulation* as we strive to improve the quality of education for students in our authority. To compile our report we have compared and assessed our current results with past performance and with provincial standards. We plan to use the results obtained to assess and monitor our progress and to fine tune successful strategies in order to ensure we are doing the best we can do to meet the needs of all of our students.

Accountability Statement

The Annual Education Results Report for the 2012 - 2013 school year and the Education Plan for the three years commencing September 1, 2013 for Yellowhead Koinonia Christian Education Society was prepared under the direction of the Board in accordance with its responsibilities under the *Private Schools Regulation* and the *Education Grants Regulation*. This document was developed in the context of the provincial government's business and fiscal plans. The Board has used the results reported in the document, to the best of its abilities, to develop the Education Plan and is committed to implementing the strategies contained within the Education Plan to improve student learning and results.

The Board approved this combined Annual Education Results Report for the 2012/2013 school year and the three-year Education Plan for 2013 – 2016 on NOVEMBER 25, 2013.

Foundation Statements

Vision Statement:

YKCS has a vision to glorify our Lord Jesus Christ by preparing students through a quality education characterized by academic excellence and a foundation of truth as revealed in God's Word. As a distinctly Christian, independent school, YKCS is committed to an example of integrity and service in our community and in developing graduates who understand, embrace and live out a thoroughly Christian worldview.

*“Teach me Your way, O Lord; I will walk in Your truth;
Unite my heart to fear Your name.
I will praise You, O Lord my God, with all my heart,
And I will glorify Your name forevermore.” Psalm 86: 11-12*

Christian School:

- YKCS is committed to remaining an independent Christian school.
- YKCS will have integrity in all of our communications and business dealings in order to be salt and light in our community. (Matt. 5:13-16) (Phil. 1:27)
- YKCS will encompass all of our endeavors, all of our student body, our parents and staff with prayer. (Phil. 4:4-7, Col. 4:2)

Students:

- Our students will experience teaching from a Biblical worldview. They will be encouraged to care for their minds as the mind of Christ, their bodies as the temple of the Holy Spirit and their hearts submitted in love to the authority of Jesus Christ. (Phil. 4:8-9 Phil. 2:5 I Cor. 6:19-20 Matt. 22:37 Deut. 6:5)
- The vision of YKCS is to build a variety of programs that enable our students to achieve beyond expectations and circumstances, giving God the glory for all opportunities and successes. (I Cor. 10:31, Col. 3:23, 2 Thess. 1:11-12)

Staff:

- The parents, teachers, board and staff will work together in harmony to provide a godly example for students both in and outside of school. (Phil. 2:1-4, Romans 15:5-7, Ephesians 4:1-6)
- Teachers, board, and staff of YKCS will attend a Bible-believing church that is in agreement with the school's statement of faith, and will be encouraged to grow through the study of God's Word and in serving God through their local church. (2 Timothy 3:16-17, 2 Cor. 9:8, Galatians 6:10, Hebrews 10: 24-25)

Academic Excellence:

- The students of YKCS will have the opportunity to achieve their individual potential through a well- rounded education that meets or exceeds provincial standards.
- Graduates will be prepared for the post-secondary education of their choice, including university and technical school.
- The school will seek out creative ways to expand taught electives in order to facilitate the God- given gifts of our students.
- YKCS will equip students to pursue life-long learning.
- YKCS students will be encouraged to attend a Bible college or similar experience upon graduation in order to further establish themselves in the Christian faith.

Foundation of Truth: *“...a knowledge of the truth that leads to godliness” Titus 1:1*

- YKCS will employ teaching staff who are able to teach from a Biblical worldview, and will provide training opportunities for staff relating to integrating God's Word into all subject matter. (Hebrews 4:12)
- YKCS students will be equipped to share and defend their faith in Christ with their peers, and as graduates in the larger global community. (1 Peter 3:15)

Mission Statement:

Yellowhead Koinonia Christian School is a Christ-centered discipleship school that exists to assist Christian families in developing the spiritual lives and academic potential of its students.

Statement of Faith:

1. We believe that the Bible, containing the 66 books of the Old and New Testaments, is the only inspired, inerrant, infallible Word of God and is the final authority on the Christian faith and life (2 Timothy 3:16; 2 Peter 1:32).
2. We believe there is only one God, who exists eternally in three equal persons – Father, Son, and Holy Spirit – and Who created out of nothing the heavens and the earth and all that is in them by the power of His spoken word (Genesis 1:1; Genesis 1:26; Psalm 33:6; Matthew 28:19; John 1:1-3; Mark 1:9-11; Hebrews 11:3).
3. We believe that Jesus Christ is both true God and true man (Exodus 3:13-15 and John 8:58-59; John 1:1-18; John 10:30-33; Galatians 4:4-5; Philippians 2:5-8; Hebrews 2:14-18). We believe in His virgin birth (Isaiah 7:14; Matthew 1:18-23; Luke 1:26-35); His sinless life (Hebrews 4:14; Hebrews 7:26); His miracles (John 2:11); His substitutionary death (Romans 4:25; Romans 5:8; Galatians 3:13-14; Hebrews 2:9); His physical resurrection (Luke 24:39-43; 1 Corinthians 15:1-22); His ascension to the right hand of the Father (Mark 16:19; Luke 24:50-53); and His personal, visible, and bodily return in power and glory to judge the living and the dead (Acts 1:11; Revelation 20:11-15; Revelation 22:12).
4. We believe that man was created by God in His own image (Genesis 1:27; Genesis 9:6) but was spiritually separated from God because of sin (Genesis 3:23-24; Romans 3:10-12; 1 John 1:8-10), and is incapable of being reconciled to God apart from the work of Jesus Christ (Romans 5:6-8; Acts 4:12; Ephesians 2:1-5).
5. We believe in the absolute necessity of rebirth by the Holy Spirit for salvation (John 3:1-3; 1 Peter 1:23). We believe that man is justified (declared righteous) by God on the single ground of the righteousness of Jesus Christ (namely, His sacrificial and atoning death on the cross to pay the penalty for sin, and His perfect obedience) freely given to all who believe in Him. We believe that this saving work and perfect righteousness of Jesus Christ can only be received by faith alone (Isaiah 53:1-12; Jeremiah 23:6; Matthew 20:28; John 3:16-19; John 5:24; Romans 3:21-26; Romans 4:1-3; Romans 5:8-19; Romans 10:1-10; 1 Corinthians 1:30; 2 Corinthians 5:21; Galatians 2:21; Ephesians 2:8-9; Philippians 3:7-9; 1 John 4:10).
6. We believe in the physical resurrection of both the saved and the lost. Those who are saved will rise to eternal life, and those that are lost to eternal punishment (Matthew 16:27; John 3:28-29; Matthew 25:46; 1 Corinthians 15: 12-17).
7. We believe that the Church is the body of born-again believers in fellowship with Christ and with fellow believers (1 Corinthians 12:12-13; Ephesians 2:19-21; Hebrews 10:25).
8. We believe in the presence and power of the Holy Spirit, Who indwells believers enabling them to live a Godly life (Romans 8:13-14; 1 Corinthians 3:16; 1 Corinthians 6:19-20; Ephesians 2:10; Ephesians 5:15-21).

While Yellowhead Koinonia Christian School acknowledges and respects the legitimate differences that exist within evangelical theology, only the above doctrines will be taught as truth in our school.

A Profile of the School Authority

Yellowhead Koinonia Christian School (Y.K.C.S.) is located at 430-72 Street, Edson, Alberta. The building, which includes a gymnasium, chapel, and commercial kitchen was completed and ready for classes in September 2003. The school building also contains 7 classrooms, a library, administration offices, a resource room, and a computer/science lab. The school has existed for over 25 years but in June of 1997 became a part of Koinonia Christian Schools, now following the policies and procedures of this organization. This accredited, independent, interdenominational school is parent owned and parent operated with parental involvement in all aspects of school operation. Each year members in good standing with the Society elect parents to our local school board. Y.K.C.S. is a member of the Association of Christian Schools International (ACSI) and the Association of Independent Schools and Colleges of Alberta (AISCA).

Enrollment at Y.K.C.S. averages 64 students from kindergarten to grade 12 in the day school program and 28 home school students. There are three full time teachers, two 0.75 teachers, three special needs aides, two home school coordinators, and a full time administrator/teacher.

Y.K.C.S. offers a 544-hour ECS program every Monday, Wednesday and Friday throughout the school year. The student/teacher ratio being low enables much individual attention, and provides a stimulating, interactive environment where students can experience success.

Y.K.C.S offers Christian based education and is committed to spiritual and academic excellence in all things for the glory of God.

Features:

- Qualified/certified teachers
- A Biblical worldview curriculum
- Phonics-based reading program
- Ample opportunity for parental involvement
- A non-denominational philosophy and organization
- Bible instruction and Christian service opportunities
- Personalized programming to accommodate a wide range of abilities
- Core subjects, integrated computer technology, daily physical education, Music, Art, Drama, CTS, Green Certificate and work experience
- Comprehensive High School Program
 - enabling students to be successful whether they continue their education in university or technical school or move directly into the work force.
 - providing an academic program geared toward university entrance and encouraging as many students as possible to pursue that option.
 - with necessary modifications to the core program to ensure all students can be successful whether or not they are university bound
 - Video Conferencing Courses available from other Koinonia Schools to provide teacher taught classes where we are unable to
 - electives available as an enrichment to the core program
- Accredited by the Alberta Education
- Provide a safe and caring environment
- Home School Program Available
- Member of Koinonia Christian Schools
- Member of the Association of Christian Schools International
- Member of the Association of Independent Schools and Colleges of Alberta

Trends and Issues

Y.K.C.S is a very small K – 12 school. It is important to ensure that our students are receiving the best possible academic instruction and assessment, and that they are being challenged to be lifelong learners in pursuit of knowledge. They will acquire skills and attitudes necessary for successful living in our global society. They will come to a better understanding of how God reveals himself through all of creation.

In order to be more financially responsible with cutbacks in Government Grants, we have chosen to reduce our elementary staff by 0.5 resulting in two more 3-grade combined classes for 2013-2014. We will operate with a kindergarten/ grade 1 – 2 combined class, grade 3 – 5 combined class, and grade 6 – 8 combined class. The rest of the school will continue to operate with a grade 9 – 10 combined class and a grade 11 – 12 combined class. The grade 3/4, 5/6 and 7/8 are separated into 2 grade split classes for Math and Science. We will continue to operate with one Full-time Receptionist/Bookkeeper.

Unfortunately, the financial reality of a small school makes it difficult to provide a wide variety of elective classes and options for our students. However, through the use of ADLC Virtual School Solution we are expanding the electives available to the High School Students. We intentionally operate with a low student to teacher ratio to help our students' educational experience, both in terms of breadth and depth. As we make real connections between students' academic, spiritual, and cultural experiences, we equip them to be more successful in an increasingly fragmented world where it is becoming increasingly difficult to live a satisfied, fulfilled life.

An ongoing challenge is fundraising in order to provide necessary resources to operate the school. The Administration and the Board continue to seek innovative ways to raise funds.

Another challenge is to demonstrate both to the Christian community and to the public, that Christian education is not exclusionary. Our goal is not to separate our students and shelter them. Instead our goal is help Christians to understand their faith and how to be effective participants in an increasingly secular society. Christian education is about our students growing strong enough in their faith that they can express the love of Christ in any society and in any circumstance. In the next few years, how Christian education does that in our province is going to be a crucial component to protecting our recognition as a valid and meaningful alternative to public education.

Summary of Accomplishments

- We continue to use video conferencing equipment to use to deliver courses we are unable to. Red Deer Koinonia Christian School partnered with us to provide our students with Chemistry 20 & 30.
- Our grade 9 to 12 population increased after a few years of decreasing.
- Our school population increased slightly after a few years of decreasing.
- We fielded a senior girls' basketball team for the first time in school history, placing third in our zone.
- We had 4 of our students and 7 adults go on the Koinonia Schools' Europe Cultural trip.
- Our facilities were also improved by the generous donation of an outdoor basketball pad for the playground. As well as fencing the playground from the parking lot and adjacent avenue.
- There have been changes made to the roof to address the condensation and consequent leaking.
- Students were able to go on numerous educational Field Trips, such as: Camp out, Rock Climbing, Farm Tour, Edson Truss, Sparks Center, Calgary Zoo, among other trips.
- We were able to participate with other Koinonia Schools in the annual Track Meet. We also were able to send three students to a three on three basketball tournament.
- The Capital One Rocks & Rings program came to the school to introduce the Olympic sport of curling to the students.
- We held a large fundraising event called Western Days, where there were numerous events for children and adults in the community to participate in, followed by a dinner and concert.
- The Elementary had a track and field day in which some of our homeschool students came and participated too.
- We held a Spiritual Emphasis Week in which we had a guest speaker speaking to the students. The Elementary students made and mailed cards for numerous people that the churches let us know could use encouragement. The Jr. & Sr. High did some spring cleaning for a church and in a home.
- Our school was responsible for canvassing the Glenwood area, where our school is located, during the Edson Annual Food Bank Drive.
- We were able to visit local churches with a promotional video and information on our school.
- The school's Student Body, under the leadership of the Student Council, continues to raise enough money to support a Sponsor Child.

Notes:

1. PAT results are a weighted average of the percent meeting standards (Acceptable, Excellence) on Provincial Achievement Tests. The weights are the number of students enrolled in each course. Courses included: English Language Arts (Grades 3, 6, 9), Science (Grades 6, 9), French Language Arts (Grades 3, 6, 9), Français (Grades 3, 6, 9).
2. Diploma results are a weighted average of percent meeting standards (Acceptable, Excellence) on Diploma Examinations. The weights are the number of students writing the Diploma Examination for each course. Courses included: English Language Arts 30-1, English Language Arts 30-2, French Language Arts 30-1, Français 30-1, Chemistry 30, Physics 30, Biology 30, Science 30.
3. Overall evaluations can only be calculated if both improvement and achievement evaluations are available.
4. The subsequent pages include evaluations for each performance measure. If jurisdictions desire not to present this information for each performance measure in the subsequent pages, please include a reference to this overall summary page for each performance measure.
5. Data values have been suppressed where the number of students or respondents is less than 6. Suppression is marked with an asterisk (*).
6. Please note that participation in Diploma Examinations and Grade 9 Provincial Achievement Tests was impacted by the flooding in June 2013. Caution should be used when interpreting trends over time for the province and those school authorities affected by the floods.

Measure Evaluation Reference (Optional)

Achievement Evaluation

Achievement evaluation is based upon a comparison of Current Year data to a set of standards which remain consistent over time. The Standards are calculated by taking the 3 year average of baseline data for each measure across all school jurisdictions and calculating the 5th, 25th, 75th and 95th percentiles. Once calculated, these standards remain in place from year to year to allow for consistent planning and evaluation.

The table below shows the range of values defining the 5 achievement evaluation levels for each measure.

Notes:

- 1) For all measures except Drop Out Rate: The range of values at each evaluation level is interpreted as greater than or equal to the lower value, and less than the higher value. For the Very High evaluation level, values range from greater than or equal to the lower value to 100%.
- 2) Drop Out Rate measure: As "Drop Out Rate" is inverse to most measures (i.e. lower values are "better"), the range of values at each evaluation level is interpreted as greater than the lower value and less than or equal to the higher value. For the Very High evaluation level, values range from 0% to less than or equal to the higher value.

Improvement Table

For each jurisdiction, improvement evaluation consists of comparing the Current Year result for each measure with the previous three-year average. A chi-square statistical test is used to determine the significance of the improvement. This test takes into account the size of the jurisdiction in the calculation to make improvement evaluation fair across jurisdictions of different sizes.

The table below shows the definition of the 5 improvement evaluation levels based upon the chi-square result.

Evaluation Category	Chi-Square Range
Declined Significantly	3.84 + (current < previous 3-year average)
Declined	1.00 - 3.83 (current < previous 3-year average)
Maintained	less than 1.00
Improved	1.00 - 3.83 (current > previous 3-year average)
Improved Significantly	3.84 + (current > previous 3-year average)

Overall Evaluation Table

The overall evaluation combines the Achievement Evaluation and the Improvement Evaluation. The table below illustrates how the Achievement and Improvement evaluations are combined to get the overall evaluation.

Improvement	Achievement				
	Very High	High	Intermediate	Low	Very Low
Improved Significantly	Excellent	Good	Good	Good	Acceptable
Improved	Excellent	Good	Good	Acceptable	Issue
Maintained	Excellent	Good	Acceptable	Issue	Concern
Declined	Good	Acceptable	Issue	Issue	Concern
Declined Significantly	Acceptable	Issue	Issue	Concern	Concern

Category Evaluation

The category evaluation is an average of the Overall Evaluation of the measures that make up the category. For the purpose of the calculation, consider an Overall Evaluation of Excellent to be 2, Good to be 1, Acceptable to be 0, Issue to be -1, and Concern to be -2. The simple average (mean) of these values rounded to the nearest integer produces the Category Evaluation value. This is converted back to a colour using the same scale above (e.g. 2=Excellent, 1=Good, 0=Intermediate, -1=Issue, -2=Concern)

Goal One: An excellent start to learning

Outcome: *Children are reaching emotional, social, intellectual and physical development milestones and are ready for school.*

- There are no required performance measures for this goal. School authorities are encouraged to incorporate early development data available at the local level.

Comment on Results (OPTIONAL)

As this is a new goal and outcome, we haven't been focusing on this, so we have no data to report. We will look at ways to focus on this goal for the year.

Strategies

- We will look for readiness tests that can be done with ECS to determine how ready they are for Grade 1.
- We will look at ways of tracking the ECS students' daily assessment and observation of their emotional, social, intellectual and physical development.
- We will continue to have a Grade One orientation day, where the ECS students join the Grade 1/2 class for an entire day.

Goal Two: Success for every student

Outcome: Students achieve student learning outcomes.

Comment on Results (OPTIONAL)

Our grade 12 class is still too small to derive much meaning from these performance standards.

Strategies

- Encourage high school students to participate in career fairs.
- Provide opportunity for high school students to be involved in job/career planning exercises through web sites and informal inventories. E.g. www.alis.gov.ab.ca
- Seek appropriate placement for individual students in work experience programs, Green Certificate and RAP
- Have a minimum of 2 practice exams in each diploma course.
- Include more diploma type questions in chapter and unit tests.
- Encourage students experiencing difficulty to take Grade 12 over two year period.
- Develop alternative ways for students to access courses, giving them the best opportunity for success (i.e. ADLC's Virtual School Solution, video conferencing,...).
- Ensure that course planning is followed up routinely in grade 10,11,12

Notes:

1. Aggregated Diploma results are a weighted average of percent meeting standards (Acceptable, Excellence) on Diploma Examinations. The weights are the number of students writing the Diploma Examination for each course. Courses included: English Language Arts 30-1, English Language Arts 30-2, French Language Arts 30-1, Français 30-1, Chemistry 30, Physics 30, Biology 30, Science 30. The percentages achieving the acceptable standard include the percentages achieving the standard of excellence.
2. Diploma Examination Participation, High School Completion and High school to Post-secondary Transition rates are based upon a cohort of grade 10 students who are tracked over time.
3. Please note that the rules for Rutherford Scholarships changed in 2008, which increased the number of students eligible for Rutherford Scholarships. The history for the measure has been re-computed to allow for trends to be identified.
4. Data values have been suppressed where the number of students or respondents is less than 6. Suppression is marked with an asterisk (*).
5. Please note that participation in Diploma Examinations was impacted by the flooding in June 2013. Caution should be used when interpreting trends over time for the province and those school authorities affected by the floods.

Outcome: *Students demonstrate proficiency in literacy and numeracy.*

Comment on Results (OPTIONAL)

Both the smaller population sample and the degree teachers teach to the PAT make these measures limited in what useful data they can tell us. For example, the difference between 5% of the students achieving a standard of excellence and 20% across the school is 3 students. In a school where the average grade has between 5 and 7 students, we have a limited cohort which inflates variances from the mean. Subsequently, both gains and losses in these measures are always going to “appear” significant until we have a larger population sample. We still need to pay attention to them, particularly trend over multiple years, but we do need to take these results with a grain of sand.

Strategies

- Thorough examination of PAT results to determine strengths and weaknesses of program delivery.
- Evaluation of individual CAT results to determine student progress over time.
- Maintain and increase accountability of professional development growth plans for teaching staff.
- Staff will be inserviced on curriculum expectations at their grade level as well as the curriculum preceding and following their grade level.
- Increased emphasis on staff inservice to better accommodate individual differences.
- Emphasis on study skills implemented in the early grades.
- Encourage all families to utilize the potential of the school website for obtaining information, checking homework and submitting assignments.
- Increased communication with parents through newsletters and conferences regarding the value and benefits of studying and regular review of curriculum covered.
- Encourage staff to spend time preparing students for the format used for PAT and CAT exams beforehand.
- Ensure that students understand the importance of testing and they need to apply themselves, especially targeting the Grade 9s, where these tests will determine whether they take 10-1 or 10-2 courses.
- Give students more opportunities to experience Multiple Choice Exams.
- Use Successmaker Program, Math and Reading, which is available to use through Koinonia Christian Education Society for all students in Grades K – 10, to assess and help improve their grade level skills.

Notes:

1. Aggregated PAT results are based upon a weighted average of percent meeting standards (Acceptable, Excellence). The weights are the number of students enrolled in each course. Courses included: English Language Arts (Grades 3, 6, 9), Science (Grades 6, 9), French Language Arts (Grades 3, 6, 9), Français (Grades 3, 6, 9). The percentages achieving the acceptable standard include the percentages achieving the standard of excellence.
2. Data values have been suppressed where the number of students or respondents is less than 6. Suppression is marked with an asterisk (*).
3. Please note that participation in Grade 9 Provincial Achievement Tests was substantially impacted by the flooding in June 2013. Caution should be used when interpreting trends over time for the province and those school authorities affected by the floods.

Outcome: *Students demonstrate citizenship and entrepreneurship.*

Comment on Results (OPTIONAL)

We are pleased with these results. Y.K.C.S students demonstrate active citizenship beyond our walls, (e.g. sponsoring children from 3rd world countries and assisting in the local Senior's Lodge).

We continue to instruct students in the characteristics of active citizenship and to hold them more accountable to the Biblical standards of citizenship that the school stands for.

The philosophy of the school is that students that attend or graduate from our school would be taking responsible roles in church/parachurch organizations. As a Christian school we are teaching values which we trust will be engaged with in future jobs or occupations.

Strategies

- Hold students accountable at all grade levels for good attendance, assignments turned in on time, etc.
- Encourage all families to utilize the potential of the school Website for obtaining information, checking homework and submitting assignments.
- Seek opportunities for students to be involved in the work world, e.g. job shadowing, kids to work day, career fair.
- Enhance our present "Gotcha" Award Initiative to recognize and reward positive attitudes and behaviors.
- Teach concepts of love, responsibility, stewardship, and servant-hood from a biblical perspective.
- Maintain implementation of Biblical principles into all subject areas.
- Encourage student participation in Student Council and Leadership seminars.
- Maintain the opportunity for students to be involved in cross-cultural.
- Maintain the opportunity for students to be involved in Work Experience and Green Certificate

Comment on Results (OPTIONAL)

Commentary on results, such as contextual information, factors affecting performance or actions taken by the jurisdiction that may have contributed to evaluations of "Improved" or "Improved significantly" on Accountability Pillar measures, may be included.

Strategies

- Encourage parents and staff to be more proactive in looking for opportunities for our students to understand, experience, and interact with FNMI peoples and cultures.
- Continue to include outcomes that reflect the diversity of all students. Respect for diversity is an integral part of everything we do in the school.
- We will ensure that FNMI perspectives are taught in our Social Studies programs.
- Increase Teacher Resources which support FNMI perspectives and worldview.
- We seek opportunities for all students to be involved in the work world, e.g. job shadowing, kids to work day, career fair.

Goal Three: Quality teaching and school leadership

Outcome: Teacher preparation and professional growth focus on the competencies needed to help students learn. Effective learning and teaching is achieved through collaborative leadership.

Performance Measure	Results (in percentages)					Target	Evaluation			Targets

Comment on Results (OPTIONAL)

From grades 9 to 12 we have 24 students. We offer a flexible program for such a small high school. Given limited teaching resources and class sizes it can be challenging to meet the expectations of students and parents.

Strategies

- Address parental involvement in decisions affecting their students at parent-teacher conferences.
- Large Scale Christmas Musical, K – 6, put on every year
- Continue implementing a compulsory high school planning guide for all students entering high school together with their parents.
- Continue utilizing alternative ways for students to access courses, giving them the best opportunity for success (i.e. ADLC’s Virtual School Solutions, video conferencing, North Star Academy,...).
- Increase awareness of the programs and flexibility we do offer.
- Promote and involve students and parents in the delivery of the school’s vision by increasing awareness of the vision and encouraging input and involvement in how the vision is carried out.

Note: Data values have been suppressed where the number of students or respondents is less than 6. Suppression is marked with an asterisk (*).

Goal Four: Engaged and effective governance

Outcome: The education system demonstrates collaboration and engagement.

Performance Measure	Results (in percentages)					Target	Evaluation			Targets

Percentage of teachers, parents and students satisfied with the overall quality of basic education.	92.2	95.5	92.7	94.2	92.9	92	Very High	Maintained	Excellent	92	92	92

Comment on Results (OPTIONAL)

From grades 9 to 12 we have 24 students. We offer a flexible program for such a small high school and this is reflected by the very high achievement of the second performance measure.

The mission of the school is that we are here to assist parents in the spiritual and academic potential of their students. The school administration and the Board of Directors have adopted an open door policy and invite parent involvement and interaction on an ongoing basis.

Our school community is full of families who are committed to Christian education. They have been at the school for a long time and worked with the school in presenting their children with a great educational experience.

Strategies

- Maintain requirement that staff attend Professional Development opportunities through Koinonia Schools and ACSI.
- School staff will communicate to parents that they are regularly available to meet to discuss issues after school.
- Teacher Assistant assists in the three grade split, K-2.
- Encourage students and parents to utilize the school website for obtaining information, checking homework and submitting assignments.
- Continue implementing a compulsory high school planning guide for all students entering high school together with their parents.
- Communication books K - 8
- Seek ways to increase parent involvement in AGM and Parent-Teacher Fellowship evenings.
- Address parental involvement in decisions affecting their students at parent-teacher conferences.
- Promote and involve students and parents in the delivery of the school's vision.
- Encourage parents and staff to be more proactive in looking for opportunities to collaborate in the children's school experience (from academic performance, to social responsibility, to spiritual development, to classroom and school management or discipline).

Note: Data values have been suppressed where the number of students or respondents is less than 6. Suppression is marked with an asterisk (*).

Outcome: *Students and communities have access to safe and healthy learning environments.*

Comment on Results (OPTIONAL)

Our school community is full of families who are committed to Christian education. They have been at the school for a long time and worked with the school in offering their children a safe, respectful educational environment.

Strategies

- Integrate concepts of caring and respect for others in school wide assemblies.
- Utilizing Student Council and Leadership to help model the importance of caring for others, respecting others and treating others fairly.
- Maintain requirement that staff attend the August and November Professional Development opportunities through Koinonia Schools and ACSI.
- Encourage staff to attend other PD opportunities with AISCA, Edmonton Regional Consortium, etc.
- Maintain and increase accountability of staff professional development growth plans.

Note: Data values have been suppressed where the number of students or respondents is less than 6. Suppression is marked with an asterisk (*).

Note:

- Including strategies for students with special needs satisfies the planning component of 14.a of the *Standards for Special Education* (amended June 2004) http://www.education.gov.ab.ca/k_12/specialneeds
- Reporting on programs, services and results for students with special needs satisfies the non-financial reporting component of Section 14.a and c of the *Standards for Special Education* (June 2004) http://www.education.gov.ab.ca/k_12/specialneeds

Future Challenges (Optional)

The primary challenge of our school community is still to increase our student population. The level of services we have established to be successful and allow for growth require more students than we currently have. The Three year Plan/AERR Report clearly shows that we have a healthy school that is meeting the needs of our students and the expectations of our parents. Our challenge is to maintain and build upon these accomplishments while increasing our involvement in our community. As the community gains confidence in our school and our students, we will see the growth needed for our school to thrive long term.

- The 2013–2014 budget is \$101,335 less than 2012-2013 due to Government funding costs, decreased staffing costs and cutting other expenses.
- Financial planning has been based on a cautious projection of costs, maintaining small class sizes for the benefit of students.
- Our financial statements have been prepared in accordance with Canadian generally accepted accounting principles (GAAP) and accounting policies consistent with those prescribed by Alberta Education for Alberta private schools.
- The complete adopted Budget Report for 2012-2013 is available for perusal at the school office. For further information on the budget please contact Inga Giesbrecht in the school office during regular business hours. (780- 723-3850).

Capital and Facilities Projects

We made it a priority to address concerns with our roof on the elementary wing and over our chapel as we were still having an ice buildup that was causing water damage when it melted. We reviewed the current roof situation and determined that condensation was contributing to the leaking of the roof. Subsequent snow stops, tarring and patching, and addition of whirly birds was completed by the maintenance committee.

Summary of Facility and Capital Plans

- One of the priorities that we looked at was improvement of safety and security at the school. We built a fence to separate the parking lot and playground, as well as the playground from the avenue. We have also put up concrete barrier forms on the north side of the school to inhibit vehicles trespassing on the back field.
- Through generous donations we were able to put up a basketball pad at the playground for student use.
- To improve school visibility we received permission from the business owner of the corner lot at the highway to put up a sign on their fence saying YKCS →.
- To further improve school visibility and promote upcoming events a school sign is being considered.

Parental Involvement

As previously mentioned, the majority of our parents have been with the school for a long time and parental involvement and satisfaction is at a great place on a parent – teacher level and on a volunteer level. We know the small number of parents in our school community limits this; however, we would like to develop other ways for our parents to be active in our school community. This year we will be looking at forming small committees and groups to help give parents more input at the governing level. We have already established committees including: Finance, Maintenance, and Promotions/Development. One of the groups we would like to see re-form is a parent group. As we anticipate growth in our school over the next few years, a priority will be to involve and integrate new families into our school community. We are also looking to reinstate semi-annual Parent-Teacher Fellowship Events.

Timelines and Communication

- This 2013 – 2016 Three Year Plan and 2012 – 2013 Annual Education Results Review will be posted on the school website under the “Accountability” tab which is under the “Documents” tab on our website: <http://www.ykcschool.com>
- This Three Year plan and Annual Education Results Review and its location on the web will be communicated to parents and the public through our school newsletters and electronic mail out through our website.
- As a single school jurisdiction, we do not have a school council as such. Stakeholders were invited to submit their opinions, thoughts, ideas and concerns regarding school operations via questionnaire and open discussion during the year.
- The School Board had input in updating the three-year education plans at a regular board meeting.

Measure Evaluation Reference - Achievement Evaluation

Achievement evaluation is based upon a comparison of Current Year data to a set of standards which remain consistent over time. The Standards are calculated by taking the 3 year average of baseline data for each measure across all school jurisdictions and calculating the 5th, 25th, 75th, and 95th percentiles. Once calculated, these standards remain in place from year to year to allow for consistent planning and evaluation.

The table below shows the range of values defining the 5 achievement evaluation levels for each measure.

Notes:

The range of values at each evaluation level is interpreted as greater than or equal to the lower value, and less than the higher value. For the Very High evaluation level, values range from greater than or equal to the lower value to 100%.

Achievement Evaluation is not calculated for courses that do not have sufficient data available, either due to too few jurisdictions offering the course or because of changes in examinations.

Improvement Table

For each jurisdiction, improvement evaluation consists of comparing the Current Year result for each measure with the previous three-year average. A chi-square statistical test is used to determine the significance of the improvement. This test takes into account the size of the jurisdiction in the calculation to make improvement evaluation fair across jurisdictions of different sizes.

The table below shows the definition of the 5 improvement evaluation levels based upon the chi-square result.

Evaluation Category	Chi-Square Range
Declined Significantly	3.84 + (current < previous 3-year average)
Declined	1.00 - 3.83 (current < previous 3-year average)
Maintained	less than 1.00
Improved	1.00 - 3.83 (current > previous 3-year average)
Improved Significantly	3.84 + (current > previous 3-year average)

Overall Evaluation Table

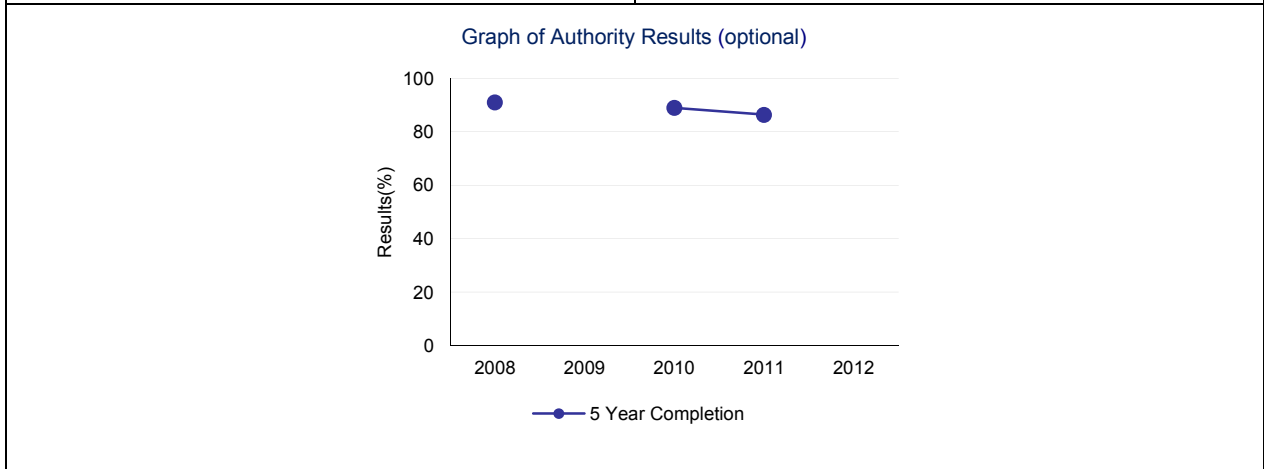

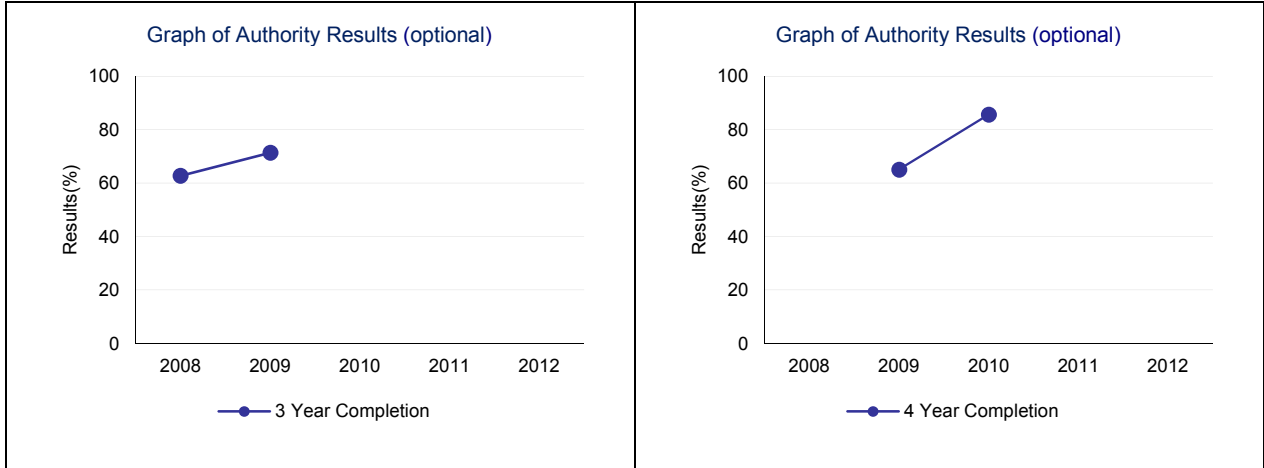

The overall evaluation combines the Achievement Evaluation and the Improvement Evaluation. The table below illustrates how the Achievement and Improvement evaluations are combined to get the overall evaluation.

Measure Evaluation Reference - Achievement Evaluation

Achievement evaluation is based upon a comparison of Current Year data to a set of standards which remain consistent over time. The Standards are calculated by taking the 3 year average of baseline data for each measure across all school jurisdictions and calculating the 5th, 25th, 75th, and 95th percentiles. Once calculated, these standards remain in place from year to year to allow for consistent planning and evaluation.

The table below shows the range of values defining the 5 achievement evaluation levels for each measure.

Notes:

The range of values at each evaluation level is interpreted as greater than or equal to the lower value, and less than the higher value. For the Very High evaluation level, values range from greater than or equal to the lower value to 100%.

Please note that participation in Grade 9 Provincial Achievement Tests was substantially impacted by the flooding in June 2013. Caution should be used when interpreting trends over time for the province and those school authorities affected by the floods

Achievement Evaluation is not calculated for courses that do not have sufficient data available, either due to too few jurisdictions offering the course or because of changes in tests.

Improvement Table

For each jurisdiction, improvement evaluation consists of comparing the Current Year result for each measure with the previous three-year average. A chi-square statistical test is used to determine the significance of the improvement. This test takes into account the size of the jurisdiction in the calculation to make improvement evaluation fair across jurisdictions of different sizes.

The table below shows the definition of the 5 improvement evaluation levels based upon the chi-square result.

Evaluation Category	Chi-Square Range
Declined Significantly	3.84 + (current < previous 3-year average)
Declined	1.00 - 3.83 (current < previous 3-year average)
Maintained	less than 1.00
Improved	1.00 - 3.83 (current > previous 3-year average)
Improved Significantly	3.84 + (current > previous 3-year average)

Overall Evaluation Table

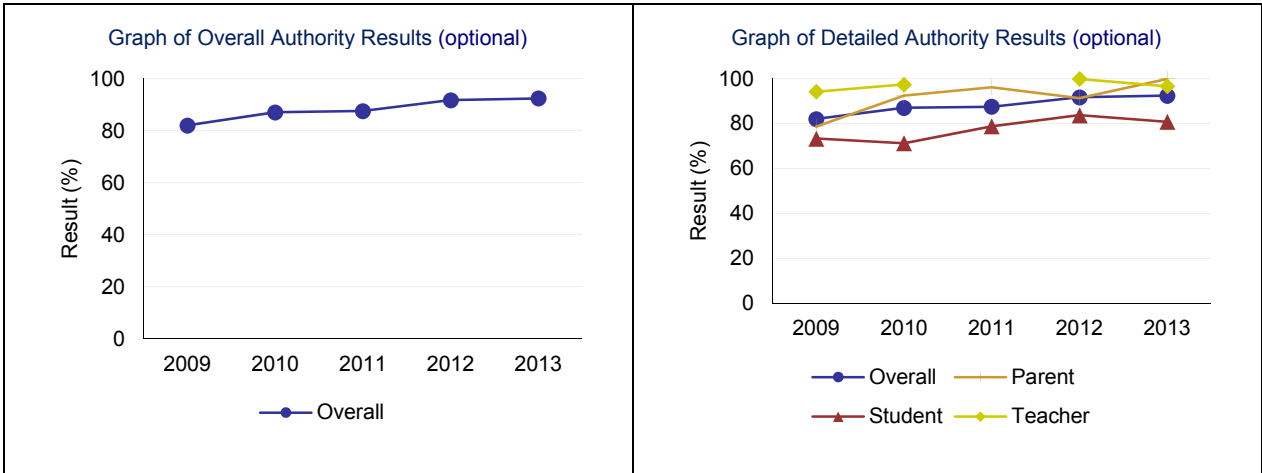

The overall evaluation combines the Achievement Evaluation and the Improvement Evaluation. The table below illustrates how the Achievement and Improvement evaluations are combined to get the overall evaluation.

	Achievement				
	Very High	High	Intermediate	Low	Very Low
Improved Significantly	Excellent	Good	Good	Good	Acceptable
Improved	Excellent	Good	Good	Acceptable	Issue
Maintained	Excellent	Good	Acceptable	Issue	Concern
Declined	Good	Acceptable	Issue	Issue	Concern
Declined Significantly	Acceptable	Issue	Issue	Concern	Concern
